Subject Index

A

Abdominal perineal resection for rectal cancer
  vs. fulguration, 267-268
  First report on, 361-364
Anorexia and cachexia of neoplastic disease
  Conference on [Report], 72-76
  Appetite control in, 73
  Metabolic abnormalities in, 73-75
  Mechanisms of, 75-76
  Therapy for, 76

B

Benign lesions
  that resemble cancer, 171-173
Biography
  Paget, Sir James (1814-1899), 302
  Miles, W. Ernest (1869-1947), 360
Biopsy
  Techniques of, 220-223
  Liver
    in Hodgkin's disease and other lymphomas, 349-350
Bone
  Metastases to
    Management of, 54-56
    in breast cancer, 306-311
Breast
  Cancer of
    delayed operation for, 132-133
    Detection of
      Combined screening for, 158-161
    Incurable
      Therapy for, 236-247, 306-316
        Systemic, 238-241
          Endocrine ablation, 236-241
          Hormone administration, 236-241
          Chemotherapy, 236-241
        Radiotherapy, 241-247, 306-316
          Combined with systemic therapy, 236-247
          for metastases, 244-247, 306-315
        Specimen roentgenography, 2-10, 11-12
  Paget's disease of
    First description of, 303-304
    Sir James Paget
      Short biography of, 302

C

Cancer Information Services
  in the United States, 143-155
    Dial Access libraries, 144-152
    MEDLARS, 146-152
    telephone consultations, 144-152
    Telephone, radio, TV conferences, 144-152
  Editorial on, 200-201
Cervical nodal metastases of unknown origin, 112-119
  Diagnosis of, 114, 115
  Treatment of, 114-115
Cervix
  Cancer of
    Changing patterns of, 282-287
    Detection
      Cytologic screening, 282-287
        Combined with breast, 158-161
        Economic considerations of, 286-287
Chemotherapy, Cancer
  Breast, 239-241
  Complications of,
    Infectious,
      Protection against, 214-219
    Toxic,
      Treatment of, 156-157
  in Hodgkin's disease and other lymphomas, 356-358
Children
  Hodgkin's disease in,
    Evaluation of, 95-101
Cigarette smoking
  Effects of,
    on dogs, 78-94
Classification
  of cancer,
    carcinoma, 370-371
    carcinoma in situ, 371-372
    sarcoma, 372-374
  of Hodgkin's disease and other lymphomas, 343-345, 374-377
Colon
  Cancer of
    Variables of lymph node metastases, 32-35
    National Conference on,
      Questions and answers from, 227-235
Communications techniques,
  in cancer information, 143-155
Complications
  of cancer chemotherapy, 156-157
    Infection in, 214-219
  of Hodgkin's disease and other lymphomas, 351-355
Conferences and Meetings
  Second National Conference on Breast Cancer [Program], 39-42
  Second National Conference on Breast Cancer [Announcement], 127
  Midwest Cancer Conference [Announcement], 42
  Working Conference on Anorexia and Cachexia of Neoplastic Disease [Report], 72-76
  National Conference on Cancer of the Colon and Rectum [Questions and Answers], 227-235
  International Cancer Conference [Announcement], 331
Correspondence
  Letters to the Editor, 184-185, 252-254, 305

Cyclotron
in the production of radionuclides, 334-340
Cytology
of cervical cancer, 224-226, 282-287
combined with breast, 158-161
Diagnostic, 223-226
of malignant effusions, 47-48

D

Detection
of breast cancer
Combined screening for, 158-161
of cervical cancer, 283-287
Combined screening for, 158-161
of intraabdominal Hodgkin's disease, 95-101
Diagnosis
of cancer
Techniques for, ancillary studies, 277-280
biopsy, 220-230
cytology, 223-226
frozen section, 270-273
gross and microscopic examination, 273-277
scanning, radionuclidic, 292-301, 334-340
specimen roentgenography of breast, 2-10, 11-12
Dial Access libraries
for cancer information, 144-152
Diet
in neoplastic development, 398-406
Epidemiological studies of, 402-404
Dogs
Effects of cigarette smoking on, 78-94

E

Editorials
Act to conquer cancer, The, 332-333
Cancer information service, a shared responsibility, The, 200-201
Case against delayed operation for breast cancer, The 132-133
Peyrihle's quest and modern oncology, 397
Rectal cancer, to burn or not to burn, 267-268
Worthless cancer remedies, 71
Education, Professional
Cancer information service, 143-155
Editorial on, 200-201
Epidemiology
of cancer
in relation to diet, 402-404

F

Frozen section
in the diagnosis of cancer, 270-273
Fulguration
for rectal cancer,
vs. abdominal-perineal resection, 267-268

G

Grading
of cancer, 368, 377
Gross surgical specimens,
Examination of, 273-277

H

Head and neck cancer, 288-291
Incidence of, 288-289
Surgery for, 290-291
Highlighting Cancer Chemotherapy
Reports, 66-67, 130-131, 198-199, 265-266, 392-393
Hodgkin's disease
Classification of, 343-345, 374-377
in children, 95-101
Complications of,
Immunologic, 351-355
Incidence of, 342-343
Management of,
Chemotherapy, 356-358
Diagnosis, 342-345, 374-377
Radiotherapy, 355-356
Staging of, 345-350
in children, 97-101
Laparotomy in, 96, 99-100, 346
Liver biopsy in, 349-350
Splenectomy in, 348-349
Hormone manipulation
for incurable breast cancer, 236-241

I

Immune defects
in Hodgkin's disease and other lymphomas, 351-355
Immunology
and human cancer, 134-140
tumor-specific antigens, 135-137
immunotherapy, 137-138
assay tests, 136-137
Immunotherapy
of cancer, 137-138

Infections
in cancer,
Prevention of,
with protected environment units, 214-219
in Hodgkin's disease and other lymphomas, 353-354

L

Laminar air flow room
as prophylaxis of infection,
in cancer patients, 214-219
Laparotomy, Exploratory
in Hodgkin's disease and other lymphomas, 346-347
in children, 99-101
Legislation
for the conquest of cancer,
Editorial on, 332-333
Life Island
as prophylaxis of infection,
in cancer patients, 214-219
Lipoproteins
in cancer patients, 202-212
Looking at Cancer, 63-65, 128-129, 190-192, 262-264, 322-324, 388-389
Lymphoma
Classification of, 343-345, 375-377,
Complications of, 351-355
Immunologic, 351-355
Incidence of, 342-343
Management of, 355-358
Chemotherapy, 356-358
Diagnosis, 342-345, 374-377
Radiotherapy, 355-356
Staging, 345-351
Laparotomy in, 346-347, 350
Liver biopsy, 349-350
Splenectomy, 348, 350

M

Malignant effusions
and metastatic carcinoma, 47-49
Medical Information Services
Specific techniques, 144-147
Organization, 147-149
Evaluation, 149-151
Metabolism
Abnormalities of,
in anorexia and cachexia, 73-75
Metastatic cancer
of the breast,
Therapy of, 236-247, 306-316
to the cervical lymph nodes,
of unknown origin, 113-119
Clinical management of, 47-57
of the colon,
Variables in, 32-35
Microscopic examination
of tumors, 273-277
Muscle
Tumors of, 379-383
smooth muscles, 379-380
striated muscle, 380-383

N

Nervous system, Central
Metastases to,
Management and effects of, 49-53
in breast cancer, 311-313
Neurofibromatosis, Multiple, 174-183
Genetic factors in, 174-175
Age and evolution of, 176-180
Prognosis of, 180-182
Nutrition
in neoplastic development, 398-406
in animals, 399-402
in man,
Epidemiological studies of, 402-404

O

Obstructive syndromes
and metastatic carcinoma, 53-54
Oncology
Classics in,
Paget's disease of the nipple, 302-304
Miles' operation, 361-364
Editorial on, 397
Ovary
Cancer of
Current status of, 365-367

P

Paget's disease
of breast,
First description of, 303-304
Pain
Control of,
with subarachnoid alcohol block, 248-251
Contraindications to, 251
Palliation
of incurable cancer, 47-57
breast, 236-247, 306-316
Pathology
of tumors, 162-173, 220-226, 270-281,
ancillary studies, 277-280
benign lesions, 171-173
biopsy, 220-223
classification, 307-377
diagnostic cytology, 223-226
frozen sections, 270-273
grading and staging, 368-370, 377
gross and microscopic examination, 273-277
introduction, 163-166
precancerous lesions, 166-171
Physics, Radiation
cyclotron, 334-340
Precancerous lesions, 166-171
Prostatic nodules
Management of, 109-111
Patient isolation systems
in cancer, 214-219

Q

Questionnaire
on cancer, 102-108
answers, 111

R

RNA→DNA
Genetic information transfer, 36-38
Radioisotopes
See radionuclides
Radionuclides
in cancer management, 292-301, 334-340
Cyclotron in the production of, 334-340
Radiopharmaceuticals
See radionuclides
Radiotherapy
in incurable breast cancer, 241-247, 306-316
combined with systemic therapy, 236-247
for metastases, 244-247, 306-315
abdominal, 314
bony, 306-311
central nervous system, 311-314
intrathoracic, 244-247
soft tissue, 314-315
necrosis from, 315
of Hodgkin's disease and other lymphomas, 355-356
Rectum
Cancer of,
National Conference on,
Questions and answers, 280-285
Surgery for,
Abdominal-perineal vs. fulguration, 267-268
First report of (Miles), 361-364
Regional Medical Programs
and cancer information services, 147-152
Reporting on Cancer Research, 68-70, 123-124, 193-195, 255-257, 325-327, 394-396
Roentgenography
of operative specimen,
in breast cancer, 2-10, 11-12
with Faxitron 804, 11

S

Sarcomas
Classification of, 372-374
of smooth muscle, 379-380
of striated skeletal muscle, 380-383
of synovial tissue, 383-385
Scanning, Radionuclidic
in the management of cancer, 292-301
Agents for, 294-301, 334-340
Production of, 334-340
Second National Conference on Breast Cancer, May 17-19, 1971, Los Angeles, California. [Program], 39-42
[Announcement], 127
